**Hazard:** An unlocked handle can pinch a consumer's fingers against the generator when the generator is moved, posing finger amputation and crushing hazards.

**Remedy:** Always use the locking pin when moving or lifting the unit. If you own a generator with a serial number in the affected range, contact Generac to obtain a free guard that can be added to the unit to cover the pinch point.

**For More Information:  
844-242-3493**

Monday through Friday 8:00 a.m. to 5:00 p.m. C.T.

**Danger :** Si les poignées sont débloquentées, elles peuvent pincer les doigts de l'utilisateur contre la génératrice lors du déplacement de la génératrice, ce qui présente un danger d'écrasement et d'amputation des doigts.

**Solution :** Veillez à toujours engager la goupille de blocage avant de déplacer ou de soulever la machine. Si vous possédez une génératrice dont le numéro de série est dans la plage concernée, communiquez avec Generac pour obtenir un cache de protection gratuit à poser sur la machine pour couvrir le point de pincement.

**Pour plus d'information :**

## **IMPORTANT SAFETY NOTICE – RECALL ANNOUNCEMENT AND POSTER**

Dear Valued Retail Partner:

Generac Power Systems, Inc. previously gave notice that the company would be announcing a safety recall of certain Generac and DR Power portable generators and asked that you stop sale of the affected products and contact Generac to arrange for an exchange of any affected product in inventory. This portable generator handle recall has now been publicly announced in cooperation with the U.S. Consumer Product Safety Commission and Health Canada.

Enclosed is a copy of a Recall Poster identifying the affected models and hazard. We ask that you please post the enclosed poster in a prominent location in your retail locations until November 30, 2021. Please contact your Generac representative if you would like an electronic version of the poster.

Thank you for your cooperation and please contact your Generac Sales Representative if you have any questions.

- Generac Sales Team
